**Nova\_XX**

is an International Forum dedicated to  
Innovation by women in technology,  
science and art at the dawn of the  
fourth industrial revolution 4.0.

Because there is

« *No new world*

*without a new language* »

(Ingeborg Bachmann)

**NOVA\_XX** is guided by the will of  
valorizing female talents that question  
as much as they use scientific and  
technologic innovations inside  
contemporary art.

Bio-art / speculative design / conceptual  
art – kinetic and sound installations /  
videos...

**Let's discover it together at the**
